While the album is an excellent way for existing fans to relive the music from the game, it will also give the uninitiated a glimpse into the world of SPACE INVADERS INFINITY GENE..

A Message from the Creators

“SPACE INVADERS INFINITY GENE originally debuted as a Java phone game, but it soon evolved into an iPhone/iPod touch hit and then finally into a PlayStation®3 system/Xbox 360 release. The evolution continues: now the soundtrack is breaking away from the game, transforming into a stand-alone CD and digital download. The entire history of the evolution of SPACE INVADERS is concentrated in this one album, and we hope you'll experience it for yourself.”

–Hirokazu Koshio (ZUNTATA), Composer
